MUSKCON 2012
www.musk.org.in

Dear Colleagues,

It is with great pleasure that we announce **MUSKCON 2012**, the Annual Conference of Medical Ultrasound Society of Karnataka. As always we have endeavored to address the challenging and latest topics in ultrasound imaging keeping an eye on applicability in day to day practice.

Prof. Luc de Catte is our overseas faculty. He is the Head of Prenatal Diagnosis and Ultrasound at the University Hospital, Gasthuiberg, Leuven, Belgium.

The theme of the workshop is **Fetal Face**. This half day live workshop will feature topics ranging from basic embryology / 2D imaging to working on volumes of normal and abnormal fetal face.

The conference topics are being dealt with by dedicated and accomplished specialists who have logged in many years of experience. Special efforts have been put in to make the sessions as interactive as possible.

The trade exhibition area will provide an opportunity to keep us all abreast with the latest in the technological scenario.

We wish you to be a part of MUSKCON 2012.
